soft seating collection 1

# union designs

Welcome to an overview of our comprehensive soft seating collection, including many different ranges covering a wealth of styles, functions and applications.

We have brought together a wide variety of seating, all with the common attributes which we hold core to our business, the finest quality designs, materials and manufacturing techniques, supplied with the highest level of service at the best value possible.

## millennium

MIL 2

Millennium's simple proportions and clean lines provide great comfort and broad appeal.

The range includes an armchair, plus two and three seater sofas making it a versatile choice for any lounge or reception area. The option of two tone upholstery allows the use of interesting colour and texture combinations.

Its modernist styling and minimalist form incorporates deep cushions and well padded arms and back, providing excellent comfort and great value.

## chelsea

With winged arms, roomy proportions and deep filled cushions the Chelsea range looks great in any large reception area.

Available as a generous easy armchair, the two seat sofa as shown, or a three seat version, Chelsea is the perfect choice.

Featuring sturdy and stylish chrome feet, in keeping with the construction and upholstery, the high quality specification of Chelsea is coupled with excellent value for money.

The distinctive splayed open arms offer a welcoming invitation, perfect for your guests in your public areas.

CHE 2

# hazelmere

With its classic proportions and clean lines, Hazelmere sofas have generous dimensions and with the deeply cushioned seats and backs, provide an advanced level of comfort. This inviting range comprises of armchairs and two seater sofas, making it ideal for any reception or lounge environment.

Its high quality construction, with the option of the finest fabrics or hides and the ability to remove the cushion covers to allow easy cleaning, specifiers can choose the very best solution at the best possible value. With these benefits, plus the modern yet understated styling, users will be able to enjoy Hazelmere's comfort for many years to come.

# cube

CUB 1

Generous proportions and clean lines make Cube an ideal solution for reception and lounge areas.

This stylish range with its low back design and chrome fittings, provides a flexible and modern seating solution.

# marlow

MAR 1

MAR 2

Marlow is a modern styled range of soft seating, available as an armchair, 2 or 3 seater sofa.

The classic minimalist design is perfect in leather, and with its great comfort and clean lines, makes it ideal for any interior space.

# stella

A flexible modular seating range. Whatever your requirement, Stella delivers.

Whether it's curves or corners your area needs, you can create the ideal solution with Stella, time and time again.

Specify two tone upholstery or contrasting units to build colourful configurations

A neat, compact modular reception chair range providing a modern and tailored look in any area.

STA 1

STA 30

STA 15

STA 90

# olympic

ORA 2b

The various shapes, back options and tables, provide a truly modular range of quality soft seating, which perform in any environment.

Choose complementary fabric colours or textures for different models or as two tone upholstery on units with backs.

Available as round units, with one or two 'bites', two seaters and a choice of without backs, one, two or 'love seat' back configurations, as well as complementing round tables, with or without the 'bite' feature. The adaptable range of Olympics soft seating will stand the test of time.

# park

Park, with its square lines and proportions, with soft cushioning and high specification finish offers comfort and quality that users will want to stop and enjoy.

With a range of seating unit options allowing numerous forms to be configured and then reconfigured, this distinctive freestanding modular seating system defines spaces, with the ability to evolve within them.

Perfect for any location, as a comprehensive modular system or as stand alone units, Park sits comfortably in the most stylish of visitor environments, or the most functional of break-out areas.

By choosing the most suitable fabric for the application and optional use of contrasting fabrics on seats and backs or on alternate units, colourful and creative spaces can be quickly and easily produced.

PAR 1b

# dome

The two Dome units sit comfortably together to provide interesting, dynamic and flexible visitor soft seating configurations.

Specify exciting colour combinations to bring vibrancy to your public areas, perfect for receptions, break-out areas and think tanks.

Featuring sturdy chrome legs and generous cushioning, the modern styling will create a strong impression from a distance, while quality detailing and upholstery will please upon close inspection.

The soft curves and rounded form, make the range perfect for sweeping, organic forms and configurations.

Like nature itself, Dome can grow and morph into an ideal solution for the ever changing environments it finds itself in.

DOM 1

DOM 2

# stool

This simple yet effective Stool range is ideal to use in bars, break out and learning areas where space is at a premium.

The considered form, dimensions, proportion and construction perfectly balances spatial efficiency with ultimate comfort.

Available in leather, an extensive range of fabrics and dual upholstery with the option of contrasting stitching detail, this great value range will add quality to any area.

# xl zig zag

Featuring a delicately curved slim-line back, an ultra-soft, rounded 'wedge' shape seat and stylish chrome feet, XL Zig Zag is the perfect blend of modern styling, comfort and adaptability.

Ideal for receptions and break-out areas, with a sturdy construction and quality materials, the modular range consists of clever shapes which interlock to produce interesting forms which can easily be reconfigured, time and time again.

Use your imagination to create bold and useful spaces, optional dual upholstery allows bright combinations of different colour backs and seats.

# dama

A typical range of tub chair seating, offering exceptional comfort and value. With quality materials and construction, Dama is made to impress.

DAM 1

Simplicity of design, stylish upholstery and superb comfort, Dama tub chairs create just the right feel in any reception or waiting area.

Available as single or double seat versions, intimate areas can easily be created for both visitors and informal meetings alike.

# cadmore

Featuring a slim-line yet robust construction, Cadmore offers the cushioning associated with a larger seating design, but with the spacious, airy feel of a lightweight frame.

This helps to provide excellent comfort, as well as exceptional value too.

Where space is at a premium, Cadmore's compact design offering a small footprint with generous comfort makes it an ideal solution.

Available with dual upholstery, the dynamic shapes of the range can be highlighted by using contrasting fabrics.

# henley

A classic reception style tub, Henley is at home in a wide variety of environments and available in both individual and two seater variants. Seats can be in contrasting fabric to enhance the design of the range.

Choose complementary colours, variations in hue, tone or shade, or use strong patterns and accent colours to produce a striking visual impact.

Featuring flared arms, a curvaceous back and a deeply padded seat, Henley offers extreme comfort and a modern aesthetic feel. This is increased with four chrome legs, adding style, definition and lifting the product into a class of its own.

Ideal for bars, clubs, receptions, break-out areas and more, this distinctive range adds comfort and character to a wealth of leisure and commercial environments.

HEN1

# hambleden

HAM 2

HAM 1

With the option of cylindrical aluminium or tapered beech legs, Hambleden is a simple tub reception chair range, perfect for hotel lobbies, bars and bedrooms, to the usual commercial reception and break-out uses.

# varsity

Smooth curves give the Varsity its unique style and offers unrivalled levels of versatility when used with modern fabrics.

VAR 1

The unusual 'boat' shape of this chair makes it an interesting form by itself, but also lends itself to creating exciting configurations when larger arrangements are required.

The rounded seat and back offer superior comfort and define this distinctive range.

# whiteleaf

WL 1

Depth, comfort and relaxation, the Whiteleaf chair combines traditional style with modern fabrics, to give you the right look in any relaxation area.

Long and slender beech legs offer a sense of lightness and space, whilst the deep, soft upholstery brings balance and heightened comfort.

Perfect for break-out areas, receptions or as an informal meeting chair in executive offices, Whiteleaf brings understated elegance to these and many other types of environment.

Choose between strongly patterned, textured or coloured fabrics to enhance your areas.

This curvaceous easy arm chair, with its sumptuous proportions and cushioning, exudes quality, luxury and comfort.

The bold yet soft form, with its rounded upholstery, fine trim detailing and quality craftsmanship, generates a feel of traditional standards with a modern twist.

Choose quality fabrics with the option of two tone upholstery to play on this successful balance of classic and modern styling.

This juxtaposition is exemplified by the soft lines of the deeply cushioned upholstery with the sharpness of the wooden legs.

The legs use the finest British grown beech wood, which has been properly dried, treated and manufactured into a modern leg shape.

With the traditional qualities expected from such a long standing furniture manufacturer in the historical home of chair making, Bledlow is typical of the outstanding quality available for amazing value for money.

# bledlow

BLE 1

# queen anne

QAC 1

Featuring the finest quality upholstery, soft cushions, distinguished wooden legs and traditional design, the Queen Anne chair will suit the most lavish of interiors.

Perfect for the high class establishments such as clubs and hotels, the time honoured skills and techniques we pride ourselves with, contribute to producing a fine item of furniture at amazing value.

The best quality materials, such as British grown beech wood, are selected and used to provide a timeless chair which will last, while the historical styling will ensure the chair ages without becoming unfashionable before the end of its long useful life.

# dashwood

With its traditional styling, construction and craftsmanship, the Dashwood armchair is a classical and comfortable addition to the most lavish of interiors.

At home in a wide range of environments, from pubs, clubs, and hotels, to commercial and institutional offices and suites, this chair epitomises quality, style and luxury, but most of all, exceptional value.

The same chair construction techniques which made High Wycombe famous for, are utilised here to produce a high quality item of traditional furniture.

Highly skilled upholsterers use your chosen fabric and their attention to detail to produce a hard-wearing and comfortable chair which will not only stand up to the test of time aesthetically, but cosmetically too.

Finished with fine beech legs, sourced and manufactured in Great Britain and shaped to classical forms and proportions, the result is a truly timeless and sumptuous masterpiece.
